## Deliverable D2.4

Reviewing market developments in the top-performing segment. BAT product lists.

Past due dates: Months 1, 6, 12, 18, 24 (February and July 2015, January and July 2016, January 2017)

Coming due dates: Months 30, 36 (July 2017, January 2018)

BAT product lists are continuously updated and new models are included. The technical criteria are reviewed as the product lists develop and as new EU standardisation, labelling and ecodesign documents are being published.

Excel files of the up-to-date BAT product lists and PDF files of the up-to-date technical criteria will be submitted to the Commission at the due dates (biannually).
